

# Florida Department of Environmental Protection

## Free App Overview

recyclecoach™ | BE A BETTER RECYCLER.

## ❖ Free? What's the Catch?

There is no catch! Recycle Coach wants to make recycling easier for your residents. There is no time limit, no restrictions, and your residents will not see any ads or messages.

Residents can use Recycle Coach to find their collection, holiday, and event schedules and they can also set reminders, so they will never miss another collection day!

- ✓ Lighten your workload
- ✓ Improve your residents' recycling behaviors
- ✓ Educate your residents
- ✓ Monitor residents' participation in your program

## ❖ Free Application – What’s included?

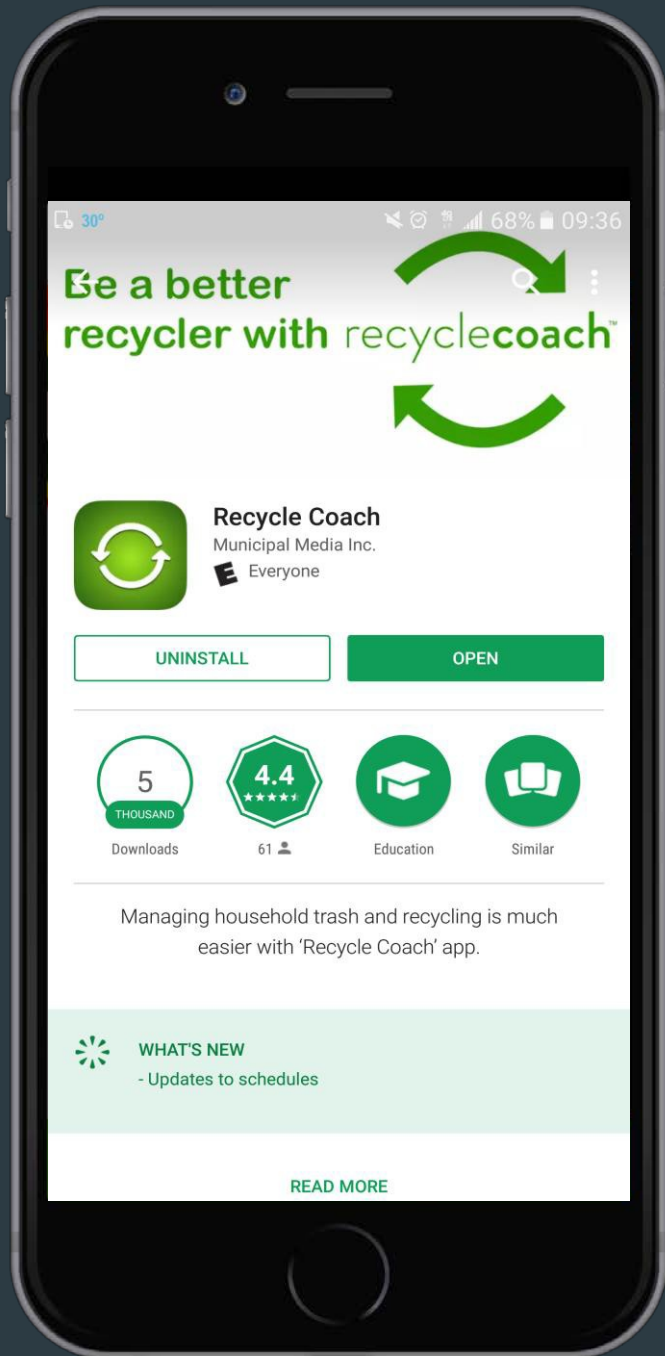

- ✓ Personalized collection and event schedules for your residents
- ✓ Collection and event reminders – including special reminders for holiday changes
- ✓ ‘What type of recycler are you?’ quiz to help your residents be better recyclers
- ✓ Access to helpful articles (e.g. “Are bottle caps recyclable?”)
- ✓ Reports to monitor how many of your residents are using these features

Residents can access these free features through the Recycle Coach app and through imbedded tools on your website - there’s no cost and your residents will not be spammed or receive advertising messages. We provide you with an easy-to-install website application.

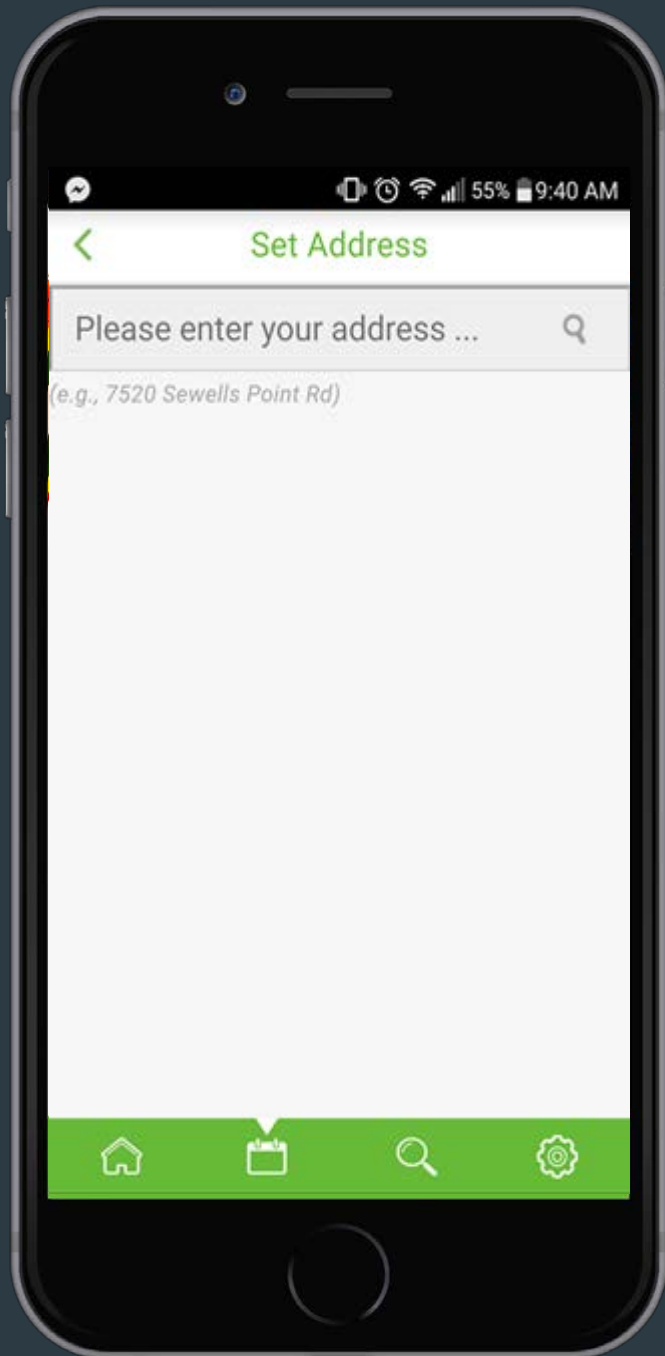

Our goal is to develop a community of informed recyclers that improve the quality and quantity of materials recovered. And if you decide that enhanced functionality might benefit your municipality, your account can be upgraded at any time to include more features.

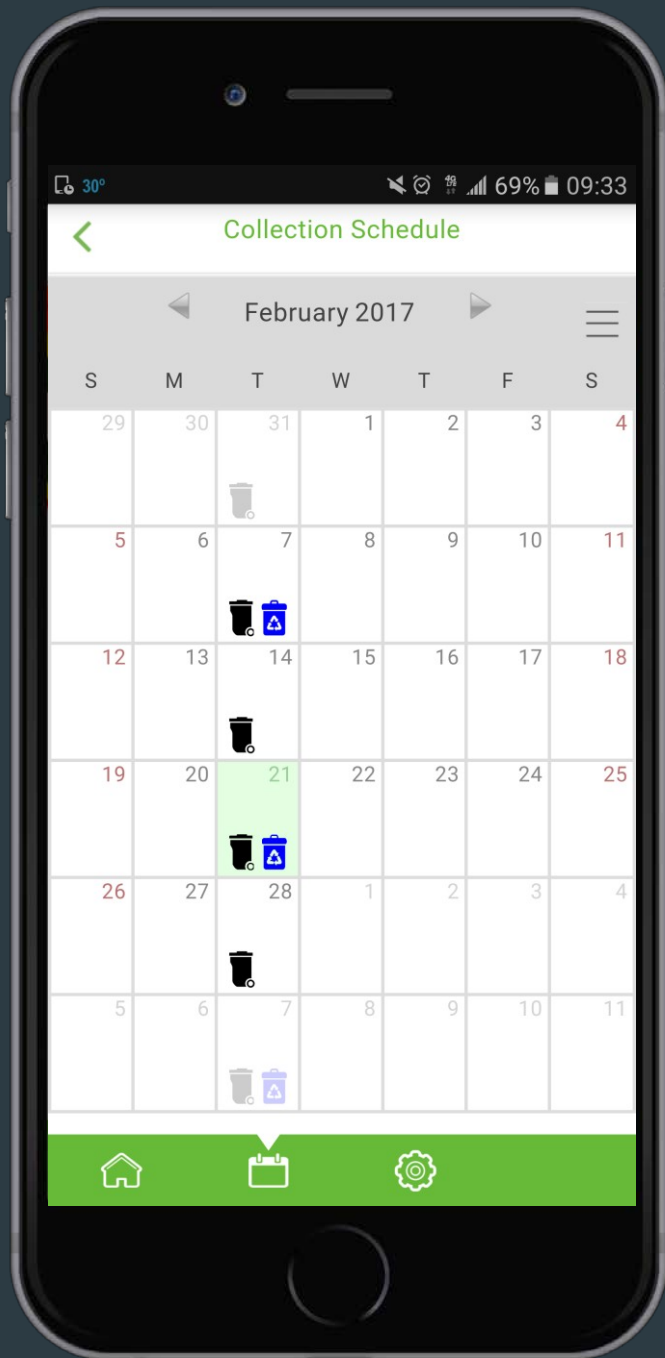

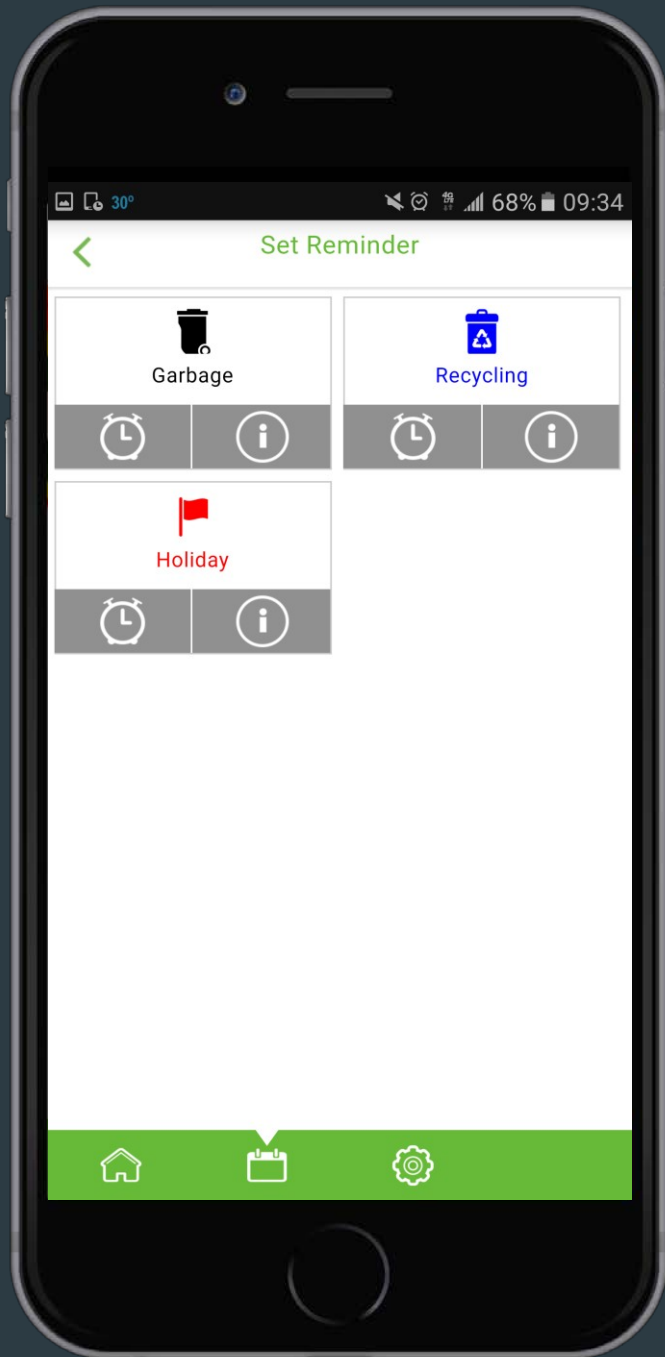

- ❖ The Recycle Coach App is free to download and is available from the iTunes Store and Google Play.

- ❖ Simply type in your address to receive customized collection, event, holiday, and transfer station information

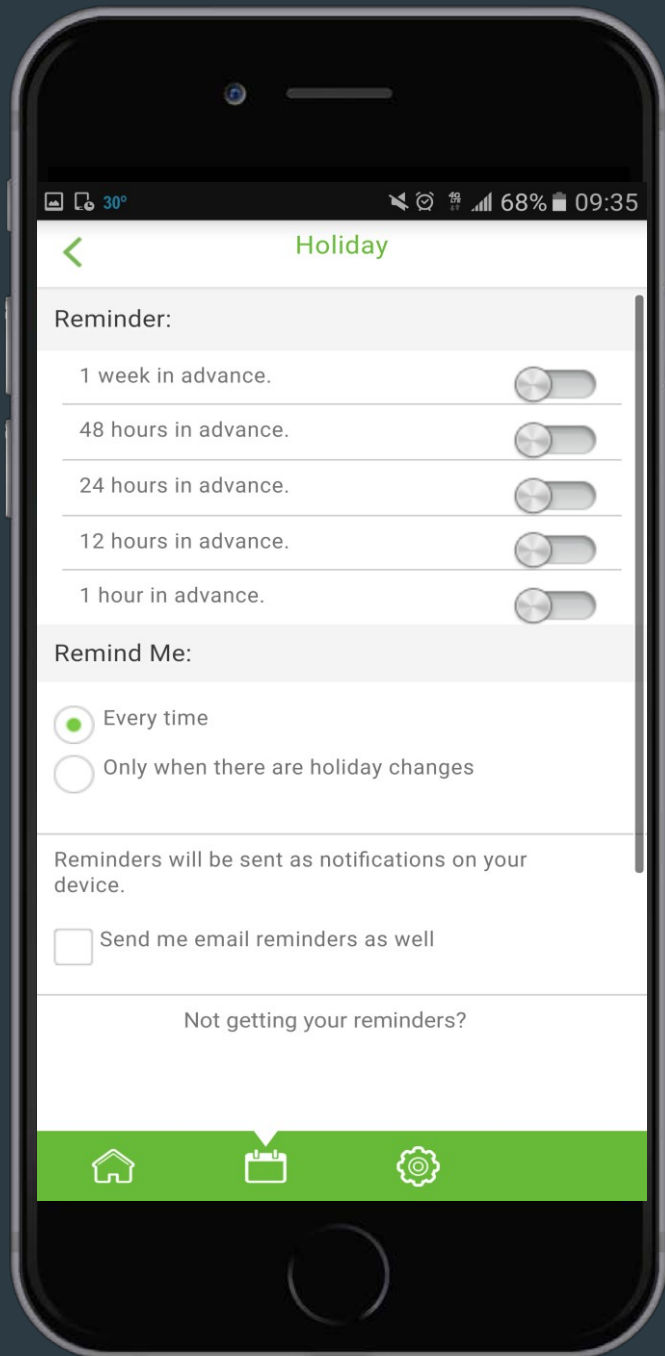

- ❖ After typing in your address you will be able to see all upcoming collections, events, and holidays on your personalized calendar

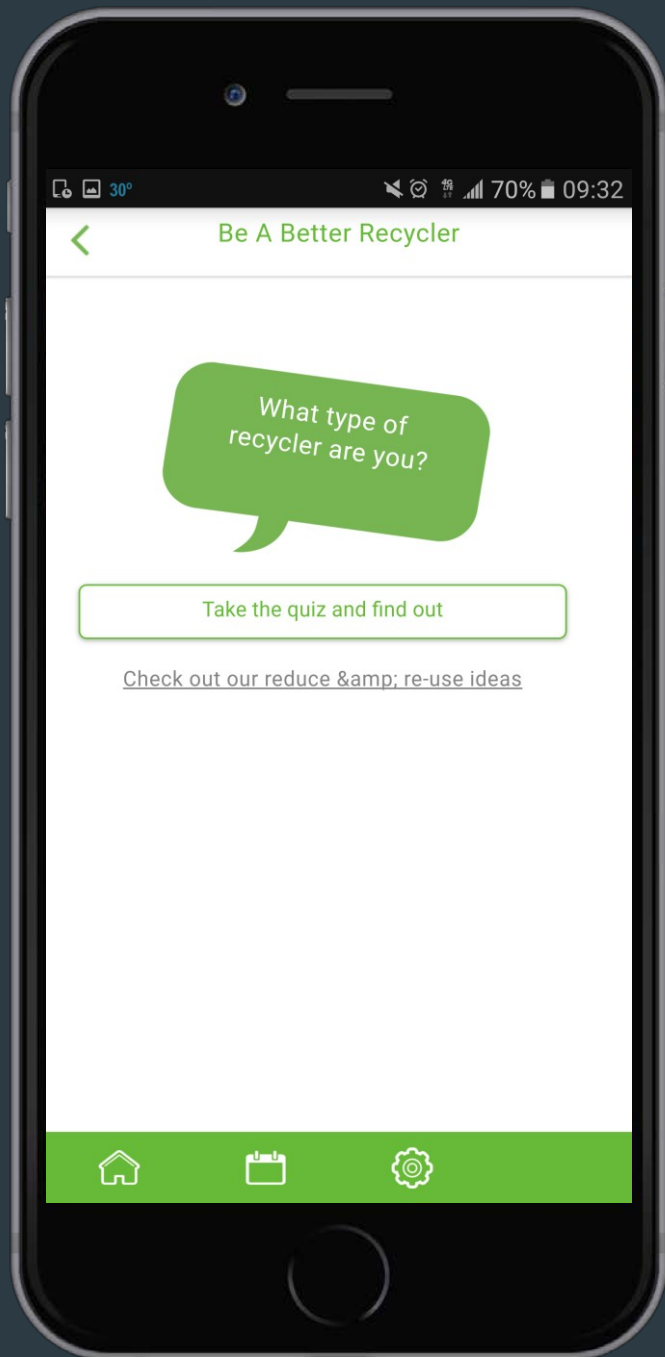

- ❖ Residents can set reminders for upcoming collections, events, and holidays

❖ Residents can choose when they want to receive reminders. One week in advance to one hour in advance, and multiple reminders can be selected and once

❖ Your personalized collection calendar can also be exported to Outlook, iCal, or PDF

- ❖ *What type of recycler are you?*
- ❖ This 3-minute quiz provides you with a comprehensive evaluation based on several criteria, including knowledge about what should and should not be recycled.
