

Epinephrine Salts – Medicinal Nitroglycerine – P & U Listed Syringe Waste

Following is a list of each state and whether or not they are consistent with the EPA's stance on Epinephrine Salts, Medicinal Nitroglycerine and P & U Listed Used Syringe Waste.

Epinephrine Salts

SUMMARY: Epinephrine Salts are not a P-Listed waste.

DETAILS: USEPA Memo Dated 10/07/2007. Subject: Scope of Hazardous Waste Rule Listing (Epinephrine)

This was not an official rule change. Rather it was a memorandum by the EPA giving guidance. States do not adopt such documents, however, they can concur or agree with the EPA's stance.

http://www.epa.gov/region1/healthcare/pdfs/EpiMemo_Final.pdf

Medicinal Nitroglycerine

SUMMARY: Medicinal Nitroglycerin is not a P-Listed waste.

DETAILS: On 5/16/2001, the EPA excluded all P and U-Listed wastes listed solely for an ignitability, reactivity or corrosivity characteristic once they no longer exhibit a characteristic. Since Nitroglycerin (P081) is listed solely for its reactivity characteristic and medicinal nitroglycerin does not exhibit the reactivity characteristic, this removes Nitroglycerin from the EPA P-Listed waste.

This was an official rule change by the EPA (Mixture and Derived-From Rules) USEPA Federal Register Environmental Document, Hazardous Waste Identification Rule ACTION: Final rule. [Federal Register: May 16, 2001 (Volume 66, Number 95)][Rules and Regulations][Page 27286], 40 CFR 261.3(g)(1).

Note, some states may not have official documentation adopting this rule change, however, their state regulations automatically accept any rule change by the EPA.

<http://www.epa.gov/epaoswer/osw/meeting/pdf02/atagi.pdf>

P & U Listed Used Syringe Waste

SUMMARY: Residue in a used syringe is exempt from being a P or U listed Waste.

DETAILS: USEPA Letter Dated 4/18/2008. Subject: Scope of Hazardous Waste Rule Listing (Epinephrine)

This was not an official rule change. Rather it was a memorandum by the EPA giving guidance. States do not adopt such documents, however, they can concur or agree with the EPA's stance.

http://www.epa.gov/region1/healthcare/pdfs/EpiMemo_Final.pdf

* This document serves as a summarization of each states regulatory position on epinephrine salts and medicinal nitroglycerin. Please consult with your regulatory state agency for additional and more detailed information.

NOTES

- The states of Michigan and Florida incorporate universal waste rules for pharmaceuticals.
- The state of Washington incorporates “Dangerous Waste” rules for pharmaceuticals.
- The state of Minnesota incorporates “Minnesota Lethal” rules for pharmaceuticals.

ABOUT PharmWaste Technologies, Inc.

PharmWaste Technologies, Inc. (PTI) specializes in providing cost effective solutions to help pharmacies identify which pharmaceuticals are RCRA (EPA) and BMP (Best Management Practices) waste when discarded. For more information, go to www.pwaste.com or call 515-276-5302.
