DOT 4 Hour Training, Major Ken Carr, FDOT SENATOR ROOM

This half-day class is an overview of the U.S. DOT hazardous materials transportation regulations. Information regarding hazardous materials classifications, communication standards (shipping papers, placards, markings, etc.) and packing requirements as they apply to shippers and transporters will be provided. The newest homeland security requirements will be covered along with a mock U.S. DOT roadside inspection.

8:00 am to 12:00 pm

Topsail State Preserve Eco Tour (*transportation on your own – leave hotel at 7:30 am*)

Topsail Hill State Preserve Park is a unique and varied area situated in Walton County Florida. It features several rare Coastal Dune Lakes. The acreage is home to the endangered Beach Mouse. Dunes which reach over 20 feet protect Godfrey's Asters and Lupines. Pitcher plant bogs and wet prairie dotted with wild orchids intermingle with pine flatwoods where turpentine production was once the main occupation of the local folks. This is one of the few remaining intact coastal ecosystems in our state.
