

# HazMat IQ

## HazMatIQ First Responder Offensive

The *revolutionary* HazMatIQ 4 Step System is a response tool that incorporates a series of easy to understand job aids called *smart charts*. These charts enable responders to quickly assess risk and make a proper decision on how best to respond to a Hazmat incident.

**Step 1** "Above the line/Below the line" chemical size up using only chemical name.

**Step 2** Streamlined chemical research based on 7 chemical and physical properties

**Step 3** Detection device selection

**Step 4** Accurate PPE selection

\*Also incorporates training on how to safely and efficiently respond to unknown chemicals, mixtures, or chemical reaction when there is no available information on chemical or properties.
